

Gaines Elementary School

Mastery of Math Facts

First Marking Period 2009-2010

To become a **MATH FACT MASTER**, each student must be able to meet all the requirements for his or her grade level. If the student learns/memorizes ALL the math facts and can pass the timed test, he or she becomes a **MATH FACT MASTER**. On the way to becoming a **MASTER**, each student must pass each successive math fact challenge. Those who passed are listed below.

The students listed below have mastered ALL the math facts for their grade level and have passed timed tests to prove their knowledge. For example, the standards for a MATH FACT MASTER in third grade are: 95 out of 100 addition facts in 7 minutes; 95 out of 100 subtraction facts in 8 minutes; and they must get 95 out of 100 multiplication facts right within 11 minutes.
